

REISSUE APPLICATION DECLARATION BY THE INVENTOR

Docket Number (Optional)
040148R1

I hereby declare that:

Each inventor's residence, mailing address and citizenship are stated below next to their name.

I believe the inventors named below to be the original and first inventor(s) of the subject matter which is described and claimed in patent number 7,643,848, granted January 5, 2010, and for which a reissue patent is sought on the invention entitled MULTI-ANTENNA TRANSCEIVER SYSTEM.

the specification of which

☒ is attached hereto.

☐ was filed on _____ as reissue application number _____ / _____
and was amended on _____.
(if applicable)

I have reviewed and understand the contents of the above-identified specification, including the claims, as amended by any amendment referred to above.

I acknowledge the duty to disclose information which is material to patentability as defined in 37 CFR 1.56.

☐ I hereby claim foreign priority benefits under 35 U.S.C. 119(a)-(d) or (f), or 365(b). Attached is form PTO/SB/02B (or equivalent) listing the foreign applications.

I verily believe the original patent to be wholly or partly inoperative or invalid, for the reasons described below. (Check all boxes that apply.)

☐ by reason of a defective specification or drawing.

☒ by reason of the patentee claiming more or less than he had the right to claim in the patent.

☐ by reason of other errors.

At least one error upon which reissue is based is described below. If the reissue is a broadening reissue, such must be stated with an explanation as to the nature of the broadening:

This reissue is a broadening reissue. The claims are too narrow and/or too broad due to the patent attorney's failure to appreciate the full scope of the invention. As an example, the issued patent failed to adequately claim a specific embodiment of the invention that includes a method of manufacturing a fiber optic cable for use in harsh environments. Thus, new claim 16 is directed to such a method.
